FROM

:

ORR  
2225 M Bldg.

SUBJECT:

: Atomic Energy Contribution to the Study on the  
Economic Capabilities of the Soviet Bloc to  
Support a General War

1. Attached are the working outlines for the study mentioned above. The outlines are forwarded for guidance in your preparation of the atomic energy contribution. The sections directed to military analysts will probably be most applicable to your problems.

2. As we arranged in our recent conversation, the contribution is to be submitted to Mr. John Kullgren, Chief Economic Consultant, G-2, Department of the Army, Room 2C545, The Pentagon by 15 March.

3. I shall be glad to give whatever assistance I can. My extension is 2908.
